Colli di Castelfranci

The recently built cellars of Colli di Castelfranci are an affirmation of the dedication and passion of the younger generation of the Gregorio and Colucci families. Joining forces in 2002, each family brought to the partnership a tradition of wine making, and new technologies to create a more modern approach to wines.

Castelfranci is a small suburb of Irpinia Alta in the region of the Taurasi DOC. The vineyards are 600 meters above sea level with strong thermal exposures, which has proven to be excellent for the production of grapes.

*Estate surroundings*
